The ABC of SFX Music	4

The ABC Of SFX Music

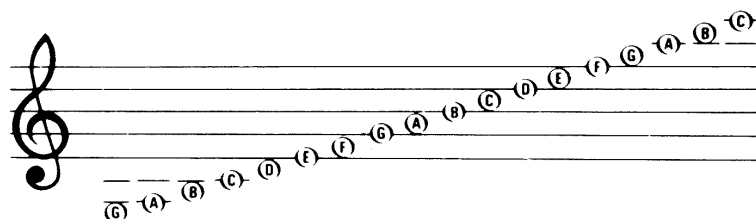

In **SFX music**, the melody is clearly written in large lettered notes. Each note can easily be located on your keyboard and then played with the right hand.

The songs in **SFX music books** are all written in the following keyboard range. The symbol at the beginning of the music staff is the treble clef, indicating the notes are played with the right hand:

The Keyboard

The Music Staff

The **Sharp Sign** (#) will sometimes appear before a music note. Simply play the *black key* to the *right* of the *white key*:

The **Flat Sign** (b) placed before a note tells you to play the *black key* that lies to the *left* of the *white key*:

Example: C#

Example: F#

Example: Eb

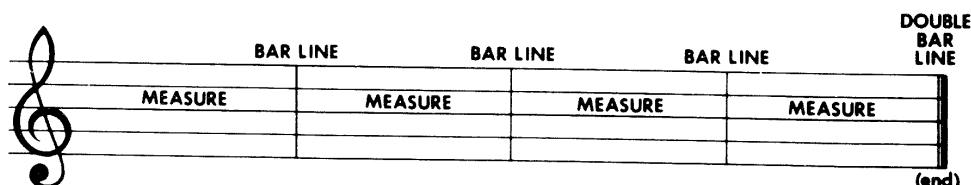

Example: Bb

The **Music Staff** is divided into equal sections by vertical lines called *Bar Lines*. Each section is a *Measure*. The end of a

piece of music is marked by a double bar line.

All music is played in time to a *beat*. The six types of notes most often used in SFX music

all have a *time value* that relates to the beat:

Whole note

4 Beats

Dotted half note

3 Beats

Half note

2 Beats

Dotted quarter note

1½ Beats

Quarter note

1 Beat

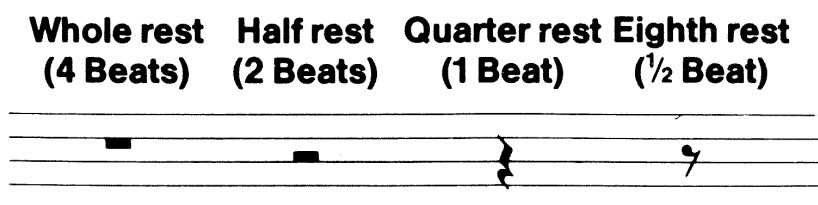

Eighth note

½ Beat

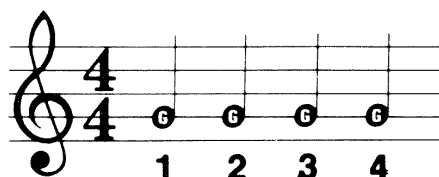

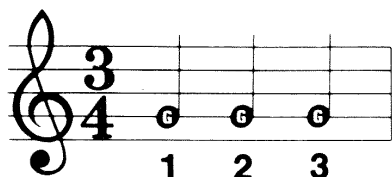

The Rest is a silent break in the music. The symbols are written in the staff, and like

music notes, rests each have a time value:

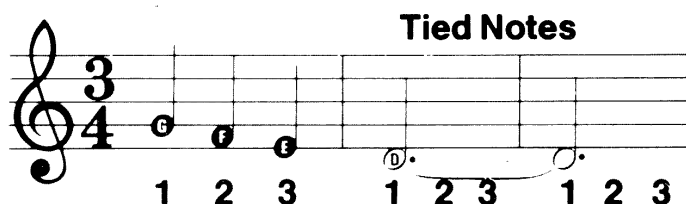

The Time Signature comprises two numbers at the beginning of the music, after the treble clef sign. The top number shows the amount of beats in each measure. The

bottom number indicates the type of note that will receive *one* beat. These are the most popular time signatures. The lower number 4 represents the quarter note:

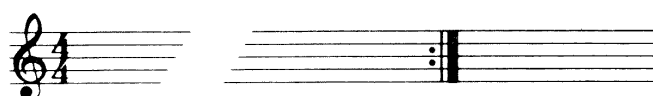

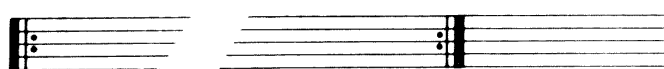

The Tie is a curved line that connects two consecutive notes on the same line or in the same space in the staff. When a tie appears

in the music, play the first note and sustain the sound for the *total* time value of the two notes:

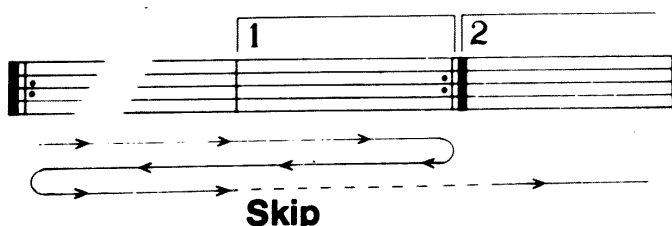

Repeat Signs are two dots alongside double bar lines. They indicate that all the music in between the pairs of repeat signs is to be played through again:

Quite often there will only be one repeat sign at the end of a passage of music. The repeat is then made from the very beginning:

Double Endings are sections of music with staff repeat signs. 1st and 2nd time brackets above the staff indicate where a short 'skip' is to be made in the music after the repeat has been played:

Left Hand Keyboard Accompaniment. SFX music has Major and Minor chords clearly written above the staff. The optional 'seventh' type of chord is shown with the 7 outside the chord frame:

Your keyboard Owner's Manual will explain how these chords are played with your left hand.

Conventional (Fingered) Chords can also be used. **The SFX Master Chord Chart** in this book shows the most practical chord positions for this type of left hand accompaniment.

Right Hand Fingering
Always use recommended fingering when indicated in SFX music.

A White Sport Coat and a pink car -
na - tion, I'm all a - lone in ro - mance. _____

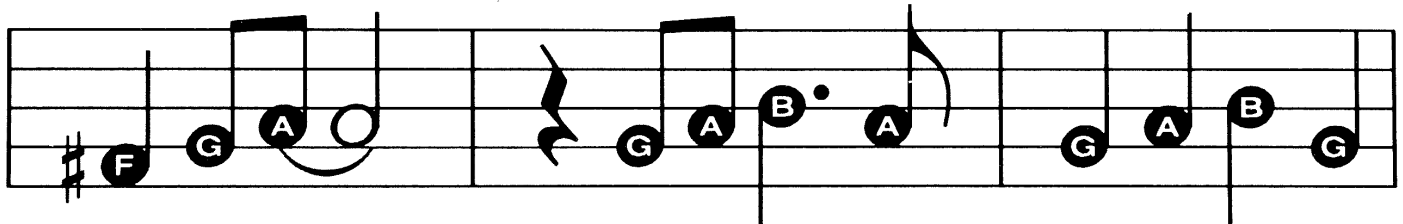

The musical score is written for saxophone or harmonica in 4/4 time. It consists of four staves of music. The first staff begins with a treble clef and a 4/4 time signature. The melody is written on a single line. The lyrics are placed below the notes. Chord symbols are placed above the staff at various points. The second staff continues the melody and includes a double bar line. The third staff continues the melody and includes a double bar line. The fourth staff concludes the melody with a final chord symbol and a double bar line.

green in our yel - low sub - ma - rine.

Detailed description: This system of musical notation continues the melody from the first system. It begins with a treble clef and a key signature of one flat (Bb). The melody is written on a five-line staff. The notes are: F (quarter note), A (quarter note), A (quarter note), G (quarter note), F (quarter note), D (half note), A (quarter note), A (quarter note), and G (half note). Above the staff, there are three boxes: a box with 'F' above the first note, a box with '←Gm' above the G and F notes, and a box with 'C7' above the final G note. To the right of the 'C7' box is the instruction 'D.S. and Fade (Return to 2/4 and Fade)'. Below the staff, the lyrics 'green in our yel - low sub - ma - rine.' are written, with hyphens indicating syllables spanning across notes.
